To: MLS
From: USS Halyburton FFG 40
Subj: Ground Support Larnaca, Cyprus

1. I would like to take the time on behalf of the Men and Women of USS Halyburton, to say thank you for the thorough delivery of all the support items over the past two weeks. Both Crete and Cyprus husbanding agents are some of the best I have ever been associated with, I can speak with great confidence about the material support that we received during both of our port visits. I would like to especially make note in regards to our recent reception that we held on board here in Larnaca. The team from MLS ensured that every detail was covered right to the last moment, just before the reception. It is this kind of customer service that you just can't find anywhere, these MLS teams are trained, courteous and most of all "on time".
2. I sincerely appreciate the ground support and the entire efforts that MLS provided during our port visit, with you, we could not have been as successful in the attempt to strengthen our relationship between us and our host country of Cyprus. Thank you for making this port visit to Cyprus a success in its entirety.

Very Sincerely,
Bryon French
